O U R M I S S I O N **Lady Drivers Wanted**

Women are caregivers by nature. This is a quality in women instructors at the *Ladybug Driving School*. Learners face prejudice about their age, sex, ethnic origin or religious background in society today. We offer training in six different languages:

- English Gujrati Katchi Hindi Urdu Swahili

Many women from ethnic minorities often lack the language skills to benefit from normal tuition. Ladybug Driving School's ICBC licensed instructors understand and have experiences in these difficulties. That is why we are unique and different. We offer what no one else can and take pride in this quality. We ensure our students are left with the skills required to succeed such as:

- Vehicle control Road procedures Fundamentals of driving Confidence for the road test

We offer single lessons, as well as various plans to choose from. Your lessons will be taken in a fully equipped dual-controlled vehicle. Our training always provides personal individual tuition with the same instructor on a one-to-one basis.
